

LED STREET LIGHT

1. Misk LED Street Lights are produced from High Quality Die-Cast Aluminum with smooth finish. The Electrostatic Powder coating surface treatment provides high quality Anti-Corrosion.
2. The reflectors are made of High Quality Anodized Oxidation Aluminum. This type of reflectors ia Anti-Glare.
3. The street light uses High Temperature resistant (>200 °C) silicon rubber gasket which makes the fitting 100% Water resistant, Dust Proof and Anti-Fogging.
4. The fitting has intertated LED and Driver with sleek and contact design and give elegant appearance. It is easy to install and maintain.
5. The diffuser is made of Clear Tempered Glass which has high resistance towards Hot and Cold temperature and give high transmittance for light.

Model	HF-LED773-1 60W/80W	HF-LED773-2 100W/120W/150W	HF-LED773-3 180W/200W
Electrical Specifications			
Output Power	60W / 80W	100W / 120W / 150W	180W / 200W
Input Voltage	110-240 AC 50/60Hz		
Output Current	1.5A/2A	2.5A/3A/2.8A	3.4A/3.75A
Power Factor	0.9		
Light Source Specifications			
Lumen output	7800lm/10400lm	13000lm/15600lm/19500lm	234000lm/26000lm
Lumens Per Watt	130lm/W		
CRI (Ra)	>80		
Led brand	PHILIPS 3030 CHIPS		
Lifetime	50000hrs		
Type of LED	SMD		
Led brand	PHILLIPS		
Driver brand	MEANWELL DRIVER		
Color temp.	3000K/4000K/6000K		
Other Specifications			
Material	Die Casting Alminium		
Product Dimension	585x272x120mm	688x318x128mm	764x344x130mm
Finish/Color	Black/Grey/White		
Surge Protection	10KV SPD optional		
IP Rating	IP65		
Warranty	3-Years
